Dear friends,

We are so excited to be entering 2023 with a more refined, explicit, and bolder sense of our work.

Last year, we asked our grantee partners "what's next?" and they said "stick around, but go bigger!" So, Amplify Fund 2.0 is on the way! We'll be working in the same 8 places, but with a longer time commitment, larger investment, and refinements to our vision and governance.

We hope you join us in making this vision a reality and celebrate the official launch of Amplify 2.0 at the NFG Convening in Wilmington, North Carolina, May 9 – 11, 2023.

**See you in the new year,
Melody, Renata, Nicole and Syma**

OUR GRANTEES SPECIFICALLY TOLD US:

Our long-term vision should be about building community decision-making power in historically marginalized communities.

We need to fund organizations working on land justice, wealth building, holistic well-being, and human dignity.

To achieve our vision, we need to fundraise \$100 million for our 10-year commitment to each of our 8 places.

Both funders and grantees should hold us accountable to our vision, values, and goals through our new Co-Leadership Committee.

“Hemos creado el Comité de Co-Liderazgo porque el futuro de la filantropía no puede existir sin financiadores y recipientes de becas compartiendo el poder de tomar decisiones.”

“Recognizing Amplify’s impact to date and the thoughtful refinements for the fund’s next phase, motivated us to make another multi-year multi-million grant. I hope other funders join us for Amplify 2.0”

“We created the Co-Leadership Committee, because the future of philanthropy is funders and grantees sharing decision-making power”

“We’re serious when it comes to following the wisdom of our grantees. We created a process for them to tell us what to do and we’re committed to doing it.”
